What to do if you have a welfare concern

- West Heath School recognise our statutory responsibility to safeguard and promote the welfare of all children. Safeguarding is everybody's responsibility and all those directly connected (staff, Trustees, leaders, parents, families and students) are an important part of the wider safeguarding system for children and have an essential role to play in making this community safe and secure.
- Staff working with children at West Heath School are advised to maintain an attitude of 'it could happen here' where safeguarding is concerned.
- West Heath School believe that the best interests of children always come first. All children (defined as those up to the age of 18) have a right to be heard and to have their wishes and feelings taken into account and all children regardless of age, gender, ability, culture, race, language, religion or sexual identity, have equal rights to protection.
- West Heath School recognises the importance of providing an ethos and environment within school that will help children to be safe and feel safe. In our school children are respected and encouraged to talk openly. All our staff understand safe professional practice and adhere to our safeguarding policies.
- Our school core safeguarding principles are:
 - **Prevention**
 - positive, supportive, safe culture, curriculum and pastoral opportunities for children, safer recruitment procedures.
 - **Protection**
 - following the agreed procedures, ensuring all staff are trained and supported to recognise and respond appropriately and sensitively to safeguarding concerns.
 - **Support**
 - for all students, parents and staff, and where appropriate specific interventions are required for those who may be at risk of harm.
 - **Working with parents and other agencies**
 - to ensure timely, appropriate communications and actions are undertaken when safeguarding concerns arise.
- West Heath School expects that if any member of our community has a safeguarding concern about any child or adult, they should act and act immediately.
- This policy is implemented in accordance with our compliance with the statutory guidance from the Department for Education, 'Keeping Children Safe in Education' 2020 (KCSIE) which requires individual schools and colleges to have an effective child protection policy.

 - Early Years and Foundation Stage Framework 2017 (EYFS)
 - The Education Act 2002
 - The Education (Independent School Standards) Regulations 2014

- Section 175 of the Education Act 2002 requires school governing bodies, local education authorities and further education institutions to make arrangements to safeguard and promote the welfare of all children who are pupils at a school, or who are students under 18 years of age. Such arrangements will have to have regard to any guidance issued by the Secretary of State.
- The way West Heath School is currently operating in response to coronavirus (Covid-19), however, our safeguarding principles in accordance with KCSIE 2020 and related government guidance, remain the same. We will continue to follow government guidance and will amend this policy, as necessary.
- We acknowledge that some students will return in September 2020 having been exposed to a range of adversity and trauma including bereavement, anxiety and in some cases increased welfare and safeguarding risks. We will work with local services (such as health and the local authority) to ensure necessary services and support are in place to support students.

- The policy forms part of our school development plan and will be reviewed annually by the Trustees who have responsibility for oversight of safeguarding and child protection systems.
- The Designated Safeguarding Lead and Principal will ensure regular reporting on safeguarding activity and systems to the Trustees. The Trustees will not receive details of individual student situations or identifying features of families as part of their oversight responsibility.

Key Responsibilities

- The Trustees, Principal, Executive Leadership Team and Senior Leadership Team have read and will follow KCSIE 2020.
- The school has a nominated trustee for safeguarding. The nominated trustee will support the DSL and have oversight in ensuring that the school has an effective policy which interlinks with other related policies; that locally agreed procedures are in place and being followed; and that the policies are reviewed at least annually and when required.
- The Trustees, Principal and Senior Leadership Team will ensure that the Designated Safeguarding Lead is supported in their role.

Designated Safeguarding Lead (DSL)

- The school has appointed a member of the leadership team (Tracey Goodland Interim Head of Care and Safeguarding) as the Designated Safeguarding Lead (DSL). Additionally, the school have appointed Deputy DSLs (Photini Bohacek, Principal , Robert Walton – Vice Principal, and Craig Gibson, HEART Manager) who will have delegated responsibilities and act in the DSLs absence.
- The DSL has overall responsibility for the day to day oversight of safeguarding and child protection systems in school. Whilst the activities of the DSL may be delegated to the deputies, the ultimate lead responsibility for safeguarding and child protection remains with the DSL and this responsibility will not be delegated.
- The DSL will undergo appropriate and specific training to provide them with the knowledge and skills required to carry out their role. Deputy DSLs are trained to the same standard as the DSL. The DSL and any deputy DSLs training will be updated formally every two years, but their knowledge and skills will be updated through a variety of methods at regular intervals and at least annually.
- The Principal will be kept informed of any significant issues by the DSL.
- The DSL (and deputies) will be provided with sufficient time so they can provide appropriate support to staff and children regarding any new safeguarding and welfare concerns following Covid-19. This may include handling of referrals to integrated social care and working with other agencies where appropriate.
- **It is the role of the DSL to:**
 - Act as the central contact point for all staff to discuss any safeguarding concerns
 - Maintain a confidential recording system for safeguarding and child protection concerns
 - Coordinate safeguarding action for individual children
 - When supporting children with a social worker or looked after children the DSL should have the details of the child's social worker and the name of the virtual school head in the authority that looks after the child (with the DSL liaising closely with the designated teacher)
 - Liaise with other agencies and professionals in line with KCSIE 2020 and WTSC 2018
 - Ensure that locally established procedures as put in place by the three safeguarding partners (KSCMP), including referrals, are followed, as necessary.

- Represent, or ensure the school is appropriately represented at multi-agency safeguarding meetings (including Child Protection conferences)
- Manage and monitor the school role in any multi-agency plan for a child.
- Be available during term time (during school hours) for staff in the school to discuss any safeguarding concerns.

- Ensure adequate and appropriate DSL cover arrangements in response to any closures and out of hours and/or out of term activities.
- Ensure all staff access appropriate safeguarding training and relevant updates in line with the recommendations within KCSIE (2020)

Members of Staff

All members of staff have a responsibility to:

- Provide a safe environment in which children can learn.
- Be prepared to identify children who may benefit from early help.
- Understand the early help process and their role in it.
- Understand their school safeguarding policies and systems.
- Undertake regular and appropriate training which is regularly updated.
- Be aware of the process of making referrals to children's social care and statutory assessment under the Children Act 1989.
- Know what to do if a child tells them that he or she is being abused or neglected and understand the impact abuse and neglect can have upon a child.
- Be able to identify and act upon indicators that children are, or at risk of developing mental health issues.
- Know how to maintain an appropriate level of confidentiality.
- Be aware of the indicators of abuse and neglect so that they can identify cases of children who may need help or protection.

Children and young people

Children and young people (students) have a right to:

- Feel safe, be listened to, and have their wishes and feelings taken into account.
- Contribute to the development of school safeguarding policies.
- Receive help from a trusted adult.
- Learn how to keep themselves safe, including online.

Parents and Carers

Parents/carers have a responsibility to:

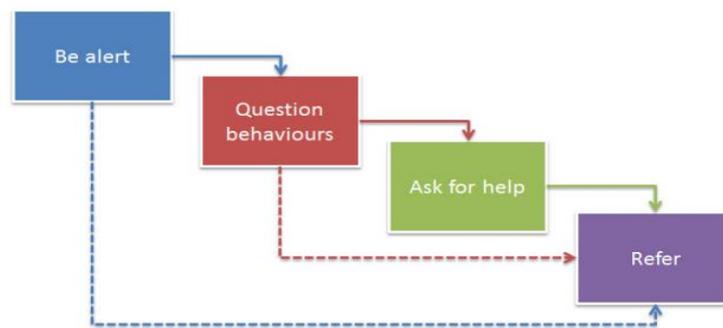

- Understand and adhere to the relevant school policies and procedures.
- Talk to their children about safeguarding issues with their children and support the school in their safeguarding approaches.
- Identify behaviours which could indicate that their child is at risk of harm including online and seek help and support from the school or other agencies.

Recognising Indicators of Abuse and Neglect

- All staff in school are made aware of the definitions and indicators of abuse and neglect as identified by Working Together to Safeguard Children (2018) and Keeping Children Safe in Education 2020. This is outlined locally within the [Kent Support Levels Guidance](#).
- West Heath School recognise that when assessing whether a child may be suffering actual or potential harm there are four categories of abuse:
 - Physical abuse
 - Sexual abuse
 - Emotional abuse
 - Neglect

For further information see Appendix 1.

All members of staff are expected to be aware of and follow this approach if they are concerned about a child:

'What to do if you are worried a child is being abused' 2015

- Members of staff are aware that concerns may arise in many different contexts and can vary greatly in terms of their nature and seriousness. The indicators of child abuse and neglect can vary from child to child. Children develop and mature at different rates, so what appears to be worrying behaviour for a younger child might be normal for an older child.
- It is important to recognise that indicators of abuse and neglect do not automatically mean a child is being abused however all concerns should be taken seriously and explored by the DSL on a case by case basis.
- Parental behaviours' may also indicate child abuse or neglect, so staff should also be alert to parent-child interactions or concerning parental behaviours; this could include parents who are under the influence of drugs or alcohol or if there is a sudden change in their mental health.

Safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children offsite. Children can be at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence.

By understanding the indicators of abuse and neglect, we can respond to problems as early as possible and provide the right support and services for the child and their family

Child Protection Procedures

- West Heath School recognises that some children have additional or complex needs and may require access to intensive or specialist services to support them.
- West Heath School adheres to the Kent Safeguarding Children multi-agency partnership procedures (KSCMP). The full KSCMP procedures and additional guidance relating to specific safeguarding issues can be found on their website: <https://www.kscmp.org.uk/>
- All staff are aware of the process for making request for support referrals for statutory assessments under the Children Act 1989, along with the role they might be expected to play in such assessments.
- West Heath School is an [Operation Encompass School](#). This means we work in partnership with Kent Police to provide support to children experiencing domestic abuse.
- West Heath School recognise that in situations where there are immediate child protection concerns identified in line with Support Level Guidance, it is NOT to investigate as a single agency but to act in line with KSCMP guidance which may involve multi-agency decision making.
- If a child is in immediate danger or is at risk of harm, a request for support should be made immediately to Integrated Children's Services (Front Door) and/or the police in line with KSCMP procedures.

- The DSL may seek advice or guidance from their Area Education Safeguarding Advisor from the Education Safeguarding Service before deciding next steps. They may also seek advice or guidance from a social worker at the Front Door service who are the first point of contact for Integrated Children's Services (ICS).
- In the event of a request for support to the Front Door being necessary, parents/carers will be informed and consent to this will be sought by the DSL in line with guidance provided by KSCMP.
 - Parents/carers will be informed unless there is a valid reason not to do so, for example, if to do so would put a child at risk of harm or would undermine a criminal investigation.
- If the DSL is not immediately available to discuss an urgent concern, staff can seek advice from the Deputy DSL. They may also seek advice from the Education Safeguarding Service or via consultation with a social worker from the Front Door. If anyone other than the DSL makes a referral to external services, they will inform the DSL as soon as possible.
- The DSL will keep all early help cases under constant review and consideration will be given to a request for support to the Front Door if the situation does not appear to be improving or is getting worse.
- If, after a request for support or any other planned external intervention, a child's situation does not appear to be improving, the DSL will consider following [KSCMP escalation procedures](#) to ensure their concerns have been addressed and, most importantly, that the child's situation improves. DSLs may request support with this via the Education Safeguarding Service.

Record Keeping

- All safeguarding concerns, discussions and decisions, and reasons for those decisions, will be recorded in writing on the school safeguarding incident/concern form and pass them without delay to the DSL. A body map will be completed if injuries have been observed.
 - If members of staff are in any doubt about recording requirements, they should discuss their concerns with the DSL.
- Incident concern forms are kept in the DSL/Deputy DSL Offices, in the staff room and residential homes.
- Records will be completed as soon as possible after the incident/event, using the child's words and will be signed and dated by the member of staff. If there is an immediate concern the member of staff should consult with a DSL before completing the form as reporting urgent concerns takes priority.
- Safeguarding records are kept for individual children and are maintained separately from all other records relating to the child in the school. Safeguarding records are kept in accordance with data protection legislation and are retained centrally and securely by the DSL. Safeguarding records are shared with staff on a 'need to know' basis only.
- All safeguarding records will be transferred in accordance with data protection legislation to the child's subsequent school, under

confidential and separate cover. These will be given to the new DSL and a receipt of delivery will be obtained.

- In addition to the child protection file, the DSL will also consider if it would be appropriate to share any information with the DSL at the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue to provide support.

Multi-Agency Working

- West Heath School recognises and is committed to its responsibility to work within the KSCMP multi-agency safeguarding arrangements. The leadership team and DSL will work to establish strong and co-operative local relationships with professionals in other agencies in line with statutory guidance.
- West Heath School recognises the importance of multi-agency working and is committed to working alongside partner agencies to provide a coordinated response to promote children's welfare and protect them from harm. This includes contributing to KSCMP processes as required. Such as, participation in relevant safeguarding multi-agency plans and meetings, including Child Protection Conferences, Core Groups, Strategy Meetings, Child in Need meetings or other early help multi-agency meetings.

Confidentiality and Information Sharing

- West Heath School recognises our duty to share relevant information with appropriate agencies in matters relating to child protection at the earliest opportunity as per statutory guidance outlined within KCSIE 2020.
- All staff must be aware that they cannot promise confidentiality in situations which might compromise a child's safety or wellbeing.
- The Principal or DSL will disclose information about a student on a 'need to know' basis.
- All members of staff must be aware that whilst they have duties to keep any information confidential, they also have a professional responsibility to share information with other agencies to safeguard children.
- West Heath School has an appropriately trained Data Protection Officer (DPO) as required by the General Data Protection Regulations (GDPR) to ensure that our school is compliant with all matters relating to confidentiality and information sharing requirements.

DPO Details:

SPS DPO Services.

Email: sps-dpo-services@isystemsintegration.com

Correspondence address: iSystems Integration, Devonshire House, 29-31 Elmfield Road, Bromley, Kent BR1 1LT

- The Data Protection Act 2018 and GDPR do not prevent the sharing of information for the purposes of keeping children safe. Fears about

sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare and protect the safety of children (KCSIE 2020).

- DfE Guidance on Information Sharing (July 2018) provides further detail which can be found on the shared area on the staff network/intranet.

Complaints

- All reported concerns will be taken seriously and considered within the relevant and appropriate process. Anything that constitutes an allegation against a member of staff or volunteer will be dealt with under the specific Procedures for Managing Allegations against Staff policy. This can be found in the Code of Conduct.

- The DSL will ensure that all new staff (including agency and third-party staff) receive child protection training to ensure they are aware of the school internal safeguarding processes as part of their induction.
- All staff members (including agency and third-party staff) will receive appropriate child protection training to ensure they are aware of a range of safeguarding issues. This training will include online safety and will take place at least annually.
- In addition to specific child protection training, all staff will receive regular safeguarding and child protection updates, via email, e-bulletins and staff meetings at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.
- All staff members (including agency and third-party staff) will be made aware of the school expectations regarding safe and professional practice via the staff behaviour policy/code of conduct and Acceptable Use Policy (AUP).

- The DSL and Principal will provide an annual report to the trustees detailing safeguarding training undertaken by all staff and will maintain up to date register of who has been trained.

- The induction process will include familiarisation with child protection responsibilities and procedures to be followed if members of staff have any concerns about a child's safety or welfare.
- The school will provide appropriate supervision and support for all members of staff to ensure that:
 - All staff are competent to carry out their responsibilities for safeguarding and promoting the welfare of children
 - All staff are supported by the DSL in their safeguarding role.
 - All members of staff have regular reviews of their own practice to ensure they improve over time.
- The DSL will also put staff in touch with outside agencies for professional support if they so wish. Staff can also approach organisations such as their Union, the Education Support Partnership or other similar organisations directly.

Safer Recruitment

- West Heath School is committed to ensure and develop a safe culture and that all steps are taken to recruit staff who are safe to work with our students and staff.
- West Heath School will follow relevant guidance in Keeping Children Safe in Education 2020 (Section 3 'Safer Recruitment') and from The Disclosure and Barring Service (DBS)

- The Trustees and leadership team are responsible for ensuring that the school follows safe recruitment processes outlined within guidance.
- The school maintains an accurate Single Central Record (SCR) in line with statutory guidance.
- The Trustees will ensure that there is at least one of the persons who conducts an interview has completed safer recruitment training.
- West Heath School are committed to supporting the statutory guidance from the Department for Education on the application of the Childcare (Disqualification) Regulations 2009 and related obligations under the Childcare Act 2006 in schools.
- We advise all staff to disclose any reason that may affect their suitability to work with children including convictions, cautions, court orders, cautions, reprimands and warnings.
- We will ensure that all staff have read the staff behaviour policy/code of conduct and understand that their behaviour and practice must be in line with it.

Allegations Against Members of Staff and Volunteers

- West Heath School recognises that it is possible for any member of staff, including Trustees, contractors, agency and third-party staff (including supply teachers) and visitors to behave in a way that:
 - Indicates they have harmed a child, or may have harmed a child;
 - Means they have committed a criminal offence against or related to a child;
 - behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children; or
 - behaved or may have behaved in a way that indicates they may not be suitable to work with children.
- All staff should feel able to raise concerns about poor or unsafe practice and potential failures in the school safeguarding regime. The leadership team at West Heath School will take all concerns or allegations received seriously.
- Allegations should be referred immediately to the Principal who will contact the [Local Authority Designated Officer](#) (LADO) to agree further action to be taken in respect of the child and staff member.
- In the event of allegations of abuse being made against the Principal, staff are advised that allegations should be reported to the chair of Trustees who will contact the LADO.
- All staff should feel able to raise concerns about poor or unsafe practice and such concerns will always be taken seriously by the leadership team.
- All members of staff are made aware of the school's Whistleblowing Policy
<https://www.westheathschool.com/attachments/download.asp?file=55&type=pdf>
- It is a disciplinary offence not to report concerns about the conduct of a colleague that could place a child at risk.

- Staff can access the NSPCC whistleblowing helpline if they do not feel able to raise concerns regarding child protection failures internally.
 - Staff can call 0800 028 0285 (8:00 AM to 8:00 PM Monday to Friday) or email help@nspcc.org.uk.
- West Heath School has a legal duty to refer to the Disclosure and Barring Service (DBS) anyone who has harmed, or poses a risk of harm, to a child, or if there is reason to believe the member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in regulated activity, or would have been removed had they not left. The DBS will consider whether to bar the person.
 - If these circumstances arise in relation to a member of staff at our school, a referral will be made as soon as possible after the resignation or removal of the individual in accordance with advice from the LADO and/or HR.

WHEN IN DOUBT – CONSULT!

Safeguarding Children with Special Needs and Disabilities

- West Heath School acknowledges that children with special educational needs (SEN) and disabilities can face additional safeguarding challenges as they may have an impaired capacity to resist or avoid abuse. The DSL will work closely with the SENCO plan support as required.
- West Heath School will ensure that children with SEN and disabilities, specifically those with communication difficulties will be supported to ensure that their voice is heard and acted upon.
- Members of staff are encouraged to be aware that children with SEN and disabilities can be disproportionately impacted by safeguarding concerns, such as bullying and exploitation.
- All members of staff will be encouraged to appropriately explore possible indicators of abuse such as behaviour/mood change or injuries and not to assume that they are related to the child's disability and be aware that children with SEN and disabilities may not always outwardly display indicators of abuse. To address these additional challenges, our school will always consider extra pastoral support for children with SEN and disabilities.

Peer on Peer Abuse

- All members of staff at West Heath School recognise that children are capable of abusing their peers. West Heath School believes that abuse is abuse and it will never be tolerated. All victims will be taken seriously and offered appropriate support, regardless of where the abuse takes place.
- West Heath School recognises that peer on peer abuse can take many forms, including but not limited to:
 - bullying (including cyberbullying)

- physical abuse which can include hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm
- sexual violence and sexual harassment
- ‘upskirting’, which typically involves taking a picture under a person’s clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm
- sexting (also known as youth produced sexual imagery)
- initiation/hazing type violence and rituals.
- West Heath School recognises youth produced sexual imagery (also known as “sexting”) as a safeguarding issue; all concerns will be reported to and dealt with by the DSL (or deputy).
 - We will follow the advice as set out in the non-statutory UKCIS guidance: [‘Sexting in schools and colleges: responding to incidents and safeguarding young people’](#) and the local [KSCMP](#) guidance: “Responding to youth produced sexual imagery”.
- When responding to concerns relating to child on child sexual violence or harassment, West Heath School will follow guidance outlined in part five of KCSIE 2020 and [‘Sexual Violence and Sexual Harassment Between Children in Schools and Colleges’](#).
- Staff and leadership are mindful that some peer on peer abuse issues may be affected by gender, age, ability and culture of those involved.
- All allegations of peer on peer abuse will be recorded, investigated, and dealt with in line with associated school policies, including child protection, anti-bullying and behaviour.
 - Alleged victims, perpetrators and any other child affected by peer on peer abuse will be supported by the school appropriately (e.g. providing therapeutic/pastoral support, working with parents/carers, and in cases of sexual assault, informing the police and/or Front Door).

Gangs, County Lines, Serious Violence, Crime and Exploitation

- West Heath School recognises the impact of gangs, county lines, serious violence, crime and exploitation. It is recognised that the initial response to child victims is important and that staff will take any allegation seriously and work in ways that support children and keep them safe.
- All staff have been trained and recognise the need to be vigilant for the signs that may include, but not exclusively:
 - Unexplained gifts/new possessions – these can indicate children have been approached by/involved with individuals associated with criminal networks/gangs.
 - Children who go missing for periods of time or regularly come home late
 - Children who regularly miss school or education or do not take part in education
 - Change in friendships/relationships with others/groups
 - Children who associate with other young people involved in exploitation
 - Children who suffer from changes in emotional well-being
 - Significant decline in performance
 - Signs of self-harm/significant change in wellbeing
 - Signs of assault/unexplained injuries

Mental Health

- All staff will be made aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Staff are aware of how children's experiences, can impact on their mental health, behaviour and education.
- Staff are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.
- If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken by speaking to the DSL or a deputy.

Online Safety

- It is recognised by West Heath School that the use of technology presents challenges and risks to children and adults both inside and outside of school. West Heath School will empower, protect and educate the community in their use of technology and establish mechanisms to identify, intervene in, and escalate any incident where appropriate.
- West Heath School identifies that the breadth of issues classified within online safety is considerable, but can be categorised into three areas of risk:
 - **content:** being exposed to illegal, inappropriate or harmful material; for example, pornography, fake news, racist or radical and extremist views;

- **contact:** being subjected to harmful online interaction with other users; for example, commercial advertising as well as adults posing as children or young adults; and
 - **conduct:** personal online behaviour that increases the likelihood of, or causes, harm; for example, making, sending and receiving explicit images, or online bullying.
- The DSL has overall responsibility for online safeguarding within the school but will liaise as necessary with other members of staff.
- West Heath School uses a wide range of technology. This includes computers, laptops, tablets and other digital devices, the internet, our learning platform, intranet and email systems.
 - All School owned devices and systems will be used in accordance with our acceptable use policies and with appropriate safety and security measures in place.
- West Heath School recognises the specific risks that can be posed by mobile technology, including mobile phones and cameras. In accordance with KCSIE 2020 has appropriate policies in place that are shared and understood by all members of the community.
 - Further information reading the specific approaches relating to this can be found in our online safety and Information Technology Acceptable Use policies which can be found on staff intranet/ website.
- West Heath School will do all we reasonably can to limit children's exposure to online risks through our school IT systems and will ensure that appropriate filtering and monitoring systems are in place. However, students and adults may have access to systems external to the school control such as mobile phones and other internet enabled devices and technology and where concerns are identified appropriate action will be taken.
 - All users will be informed that use of our systems can be monitored, and that monitoring will be in line with data protection, human rights and privacy legislation.
 - Any access to material believed to be illegal will be reported immediately to the appropriate agencies, such as the [Internet Watch Foundation](#) and the police.
 - When implementing appropriate filtering and monitoring, West Heath School will ensure that "over blocking" does not lead to unreasonable restrictions as to what children can be taught with regards to online teaching and safeguarding.
- West Heath School acknowledges that whilst filtering and monitoring is an important part of school online safety responsibilities, it is only one part of our approach to online safety.
 - Students will use appropriate search tools, apps and online resources as identified following an informed risk assessment.
 - Students internet use will be supervised by staff according to their age and ability.
 - Students will be directed to use age appropriate online resources and tools by staff.
- West Heath School will ensure a comprehensive whole school curriculum response is in place to enable all students to learn about

and manage online risks effectively as part of providing a broad and balanced curriculum.

- West Heath School will ensure that online safety training for all staff is integrated, aligned and considered as part of our overarching safeguarding approach.
- The DSL will respond to online safety concerns in line with the child protection and other associated policies such as anti-bullying and positive behaviour.

Where children are asked to learn online at home in response to a full or partial closure:

- West Heath School will ensure any remote sharing of information, communication and use of online learning tools and systems will be in line with privacy and data protection requirements.
- All communication with students and parents/carers will take place using school provided or approved communication channels; for example, school provided email accounts and phone numbers and/or agreed systems e.g. Microsoft Teams, Microsoft 365 or equivalent. Check with MW
 - Any pre-existing relationships or situations which mean this cannot be complied with will be discussed with the DSL.
- Staff and students will engage with remote teaching and learning in line with existing behaviour principles as set out in our **school positive behaviour policy/code of conduct** and **Acceptable Use Policies**.
- Staff and students will be encouraged to report issues experienced at home and concerns will be responded to in line with our child protection and other relevant policies.
- When delivering remote learning, staff will follow our Remote Learning Acceptable Use Policy (AUP)
- Parents/carers will be made aware of what their children are being asked to do online, including the sites they will be asked to access. West Heath School will continue to be clear who from the school their child is going to be interacting with online.
- Parents/carers will be encouraged to ensure children are appropriately supervised online and that appropriate parent controls are implemented at home.

Curriculum and Staying Safe

- West Heath School will ensure that children are taught about safeguarding, including online safety, as part of providing a broad and balanced curriculum.
 - We recognise that school play an essential role in helping children to understand and identify the parameters of what is appropriate child and adult behaviour; what is 'safe'; to recognise when they and others close to them are not safe; and how to seek advice and support when they are concerned.

- Our curriculum provides opportunities for increasing self-awareness, self-esteem, social and emotional understanding, assertiveness and decision making so that students have a range of age appropriate contacts and strategies to ensure their own protection and that of others.
- West Heath School is aware of the most recent communication from the DfE on the mandatory implementation of Relationships Education, Relationships and Sex and Health Education and will ensure that this is embedded into the curriculum.
- Our school systems support children to talk to a range of staff. Children will be listened to and heard, and their concerns will be taken seriously and acted upon as appropriate.

The Use of Premises by Other Organisations

- Where services or activities are provided separately by another body using the school premises, the Principal and Trustees will seek written assurance that the organisation concerned has appropriate policies and procedures in place with regard to safeguarding children and child protection, and that relevant safeguarding checks have been made in respect of staff and volunteers.
- If this assurance is not achieved, an application to use premises will be refused.

Security

- All members of staff have a responsibility for maintaining awareness of buildings and grounds security and for reporting concerns that may come to light. Staff will be expected to adhere to any safety arrangements implemented because of Covid-19 restrictions.
- Appropriate checks will be undertaken in respect of visitors and volunteers coming into school as outlined within guidance. Visitors will be expected to, sign in and out via the office visitors log and to display a visitor's badge whilst on site. Visitors will be expected to adhere to any safety arrangements implemented because of Covid-19 restrictions.
- Any individual who is not known or identifiable on site should be challenged for clarification and reassurance.
- The school will not accept the behaviour of any individual (parent or other) that threatens school security or leads others (child or adult) to feel unsafe. Such behaviour will be treated as a serious concern and may result in a decision to refuse access for that individual to the school site.

All members of staff in West Heath School are made aware of local support available.
